"The Bluebell Time Murder!"

On Saturday 26 May 2018

Spring is in full bloom and summer awaits around the corner as passengers board the 7.30pm express from Kidderminster to Bridgnorth on 26 May 1946. The war is over and, although the privations of rationing still impact on day to day life, the populace is in the mood to put the years of hardship behind them and to have fun! This is especially so for the young and the young at heart and all the more so in the season of love and romance. Doreen Mycroft, Victoria Dunne and Grace Chatterton are three such young ladies, hell bent on having fun as they set off to a party in Bridgnorth. In the way of young ladies the world over, their hearts race and they giggle and jostle as they vie for the attentions of a handsome young man who crosses their path whilst they wait to board the train on the platform at Kidderminster. But their beauty and innocence has not escaped the attention of a somewhat more mature and self-confident gentleman, Major Henry Forbes. Inevitably, the 'green-eyed monster' raises it's ugly head and, what started as fun, ends in tragedy! Murder! Murder most foul desecrates that spring evening!

By coincidence, Detective Inspector Alfred Crowther is boarding the train at Bridgnorth, travelling to his home in Arley after completing a long and tedious shift at Bridgnorth Police Station. Unfortunately for him, a Poilceman is never off duty and so when a murder occurs, it is his duty to investigate and you may rest assured that he will discover the guilty and make his arrest!

So join us and dine in fine style as you travel through the magnificent Severn Valley aboard an authentic steam train. Enjoy the camaraderie and banter with fellow passengers as a Murder takes place before your very eyes and you are invited to assist Inspector Crowther in bringing the guilty to justice! We look forward to welcoming you.

Please note that, whilst we endeavour to provide the advertised murder mystery, it is, on rare occasions, necessary to change the scenario for reasons beyond our control.
